Acts 17

Review

- The gospel is proclaimed in different ways, to different people, in different places
- But it always ...
Centres on Jesus
Calls to repentance and faith
- There are only ever two responses ... rejection or acceptance!

Reflect

How many different ways can you think of proclaiming the gospel?

Why must our gospel proclamation centre on Jesus?

What kinds of things can replace a call to repentance and faith?

Why do you think repentance is often left out?

What are the essential truths that need to be communicated in the gospel?

How can we be encouraged through both the acceptance and the rejection of Paul's gospel proclamation?
